Questions

- 1. If all excess material generated on site is to be taken to the Township landfill, will items 1.15, 1.16, and 1.17 be removed from the Tender?**

There will be no adjustments to the tender.

As indicated in SP16, we anticipate excavated soils can be reused on site. Should excess soil be generated, excess soil meeting Table 2.1 or Table 3.1 may be disposed of at the Township's landfill only where another suitable and cost-effective reuse site cannot be identified. The contractor is to make all reasonable efforts to identify a suitable reuse site.

- 2. On the Schedule of Items & Prices, there is an item for "15% Contingency Allowance". Is this to be calculated based on our base bid and be included in our "Total Tendered Price Excluding HST" at the bottom**

Yes. The 15% Contingency Allowance is calculated based on the base bid and to be included in the total price excluding HST.

Terms & Conditions
